General Docket #90-264

To Whomever It May Concern

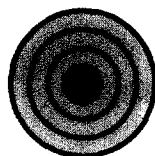

I understand that the Eternity Broadcasting Foundation's is requesting a license to establish a non-commercial radio station in Vinton, Iowa, with live transmission to the Quad City Area.

I have greatly missed the Eternity Broadcasting stations since it left our area. My children (who were teenagers at the time) listened daily to this station and got hooked on good contemporary Christian music. I am only one of several people who have expressed the desire to have a Eternity Broadcasting back in our area.

Please seriously consider bring back Eternity Broadcasting Foundation to our area.

Sincerely,

Linda Diotte
